

We Won!

Continental Fleet Service Workers made history on Friday, February 12, 2010 when ballots were counted and the results showed that an overwhelming majority of workers voted to join the Teamsters. The official vote count from the NMB is:

For Union Representation: 4,129

We had an amazing turnout. **More than 54 percent** of eligible voters turned out for the vote. We won by a huge margin!

We want to thank everyone for turning out to vote! This is a strong testament to the fact that fleet service workers at Continental are looking for positive change and took time to make that change happen. The numbers speak for themselves!

Stay tuned for the next steps we must follow to strengthen our union. Now it's time to come together and make CAL understand we are TEAMSTERS!

CAL Fleet Service Teamsters

A Winning Alliance
